

COAL DISPUTANTS GETTING TOGETHER—MINERS AND OPERATORS IN OPEN CONFERENCE WITH BRITISH PREMIER

London, April 25.—Premier Baldwin, whose time now is almost exclusively occupied with the coal negotiations, has at last succeeded in getting the two parties to the dispute into an open conference. After a day fully employed in interviews with the various parties concerned, the negotiating committees of the owners and miners met at the house of commons last night, with the prime minister presiding. The discussion lasted an hour, and the meeting adjourned until tomorrow afternoon at 3 o'clock.

Nothing was divulged as to what had taken place at the many conferences, and at the slow pace the negotiations are going there is little likelihood of any settlement being reached before the end of the month.

JUNE 28 MAY SEE ONTARIO ELECTION

Toronto, April 25.—The Evening Telegram today says that "barring accidents," a provincial general election will be held on June 28. The newspaper says "it is reliably learned today that the parliament building is delaying announcement of dissolution." These considerations, the Telegram says, are the settlement of the contract between the hydro commission of Ontario, and the International Paper Company, and the vacant portfolios in the cabinet.

CHRIST CHURCH (ANGLICAN)

May 2nd.—4th Sunday after Easter.
Divine Service as follows:—
8.00 a.m.—Holy Communion.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Office of Macleod, Stand Off, Wells-ville, and at the office of the District Superintendent of Postal Service, Calgary.

District Superintendent's Office, Calgary Alberta, May 16, 1926.

J. B. CORLEY,
District Superintendent of Postal Service.

THE DOMESTIC ANIMALS ACT (MUNICIPALITIES) — SALE AND REDEMPTION OF IMPOUNDED ANIMALS (SEC. 48).

Notice is hereby given under Section 48 of The Domestic Animals Act (Municipalities) that one Bay Horse, small white star in forehead, weight about 1250 lbs, age about 6 years old, branded OL on left shoulder, was impounded in the pound kept by John Baird, Granum, Alta., four miles south and five miles west, located on the S.W. 4, 16-10-27-W. 4th, on Monday the 6th day of March, A.D. 1926, and that the said animal was sold on the 10th day of March, 1926, to Leslie Clifton, of Granum, Alberta, and that said animal may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in The Alberta Gazette, upon payment of all fees and costs due to the municipality and the purchaser of said animal.

For information apply to the undersigned.
James Blair,
Sec. Treas. of the Municipal District of Argyle, No. 99.
Post Office—Granum Alberta.

CAVALRY PATROLLING CALCUTTA STREETS TODAY

Calcutta, India, April 25.—Armored cars and Indian cavalry, commanded by British non-commissioned officers, today patrolled the streets of Calcutta, where 60 persons have been killed and more than 400 injured in riots since Friday.

Business still was paralyzed today although the detail of troops to patrol the city had tremendously relieved the frightened population. The lower classes continued their evacuation of the city.

The British governor of Calcutta who has been holidaying, has decided to return to the city where his presence is demanded by angry citizens.

During Tuesday's rioting, which culminated in a raid on the general post office, nearly 20 persons are estimated to have been killed.

SERUMS INEFFECTIVE AGAINST CANCER

Paris, April 25.—Medicines or serums are ineffective against cancer in the opinion of Dr. D. J. Tissot, professor of general physiology at the Paris Natural History Museum, who caused a sensation at the Academy of Science with a paper describing cancer as a form of mildew.

In an interview with the Associated Press, Dr. Tissot asserted that cancer, like tuberculosis and syphilis, is mildew—a decaying part of the system, a returning to the primitive state.

Hope for humanity afflicted with these diseases, he said, lies in finding a method of reversing the process of decay and restoring the organism affected.

"Serums do not prevent the development of cancerous tumors," he said. "I have discovered that cancer and tuberculosis and such diseases are really mildew and can be cured by the use of their own efforts in other directions."

Truth may be stranger than fiction. At any rate, it is more a stranger on the witness stand.

A good loser is a bad sport. He takes from the winner two-thirds of the joy of victory.

Bride's mental progress: First week, "his"; third month, "ours"; second year, "mine."

An "inferior" race is one you must hamstring carefully to keep it from getting ahead.

Middle age is the time when you can go to bed and leave the hero in the middle of a chapter.

ED ANIMAL

NOTICE IS HEREBY GIVEN under Section 48 of The Domestic Animals Act (Municipalities) that one bay entire horse, three white feet, three year old, weight about 1100 lbs, branded X on right shoulder, was impounded in the pound kept by H. W. Tomlinson located on the S.E. 4 Sec. 2, Twp. 8, Rge. 26, W. 4th, on the first day of April, 1926, and that the said animal was sold on the fifteenth day of April, 1926, to S. G. Gillespie, of Macleod, and that said animal may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in The Alberta Gazette, upon payment of all fees and costs due to the municipality and the purchaser of said animal.

For information apply to the undersigned.
Harry W. Bright,
Secretary-Treasurer,
Municipal District of Bright, No. 69,
Post Office—Macleod.

IN THE ESTATE OF HENRY HJALMER HANSON, LATE OF THE POST OFFICE OF WATER-TOWN PARK, RANCHER, DECEASED

Dated this 15th day of April, A.D. 1926.
Zebulon William Jacobs,
Solicitor for the Executrix,
8-11 Cardston, Alberta.

NOTICE TO CREDITORS

In the estate of Mary Kate Marsh, late of the village of Granum, Province of Alberta deceased.
Notice is hereby given that all persons having claims upon the estate of the late Mary Kate Marsh, who died on the fourth day of August, A.D. 1925, are required to send the undersigned executors or their solicitor, on or before the thirtieth day of April, 1926, a full statement of their claims and of any securities held by them, duly verified, and that after that date the said executors will proceed to distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been filed with the said executors or their solicitor of the said estate.

Dated at Macleod, this fifth day of March, A.D. 1926.
Clyde K. Marsh,
John H. Marsh,
Executors, Granum Alberta.
John L. Fawcett,
Macleod, Alberta.
2-31 Solicitor for the said Estate.

HEAD CANADIAN PRESS FORESEES COMING PERIOD OF PROSPERITY

Toronto, April 25.—An optimistic note was struck today by J. H. Woods of the Calgary Herald at the annual general meeting of the Canadian Press, over which he presided.

"After surveying," he said, "with such care and ability as I possess, Canada, I believe we may look forward with good hope and sanguine minds to the future of our country and the business and profession in which we are engaged. I think that many of the troubles which have afflicted us are on the way to solution and that a brighter and better day than we have seen for quite a while is now dawning for the people and press of Canada."

Speaking of the Canadian Press, he said:
"During the past year, as president of this co-operative news gathering association of the daily newspaper publishers of Canada, I have gained a fair insight into its workings and am more than ever convinced of its great value not only to the publishers but to the Canadian public."

He went on to refer to "the admirable liaison existing between the Canadian Press and the Associated Press, saying: 'It is pleasing to note that the ideals of the Canadian Press and of the Associated Press continue along similar lines which embody the highest ethical principles of newspaper work.'"

Praises General Manager
In a closing reference to the work of the star, Mr. Woods said: "I wish to express my very warm appreciation of the really splendid work that has been done during the past year by your general manager, J. F. B. Livesay, and by his district superintendents, traffic officials and staff. The period has been in many respects a trying one. There have been heavy demands upon the services of the organization; there have been disappointments in revenues and there have been troubles on account of the tense political situation existing in the country."

"Mr. Livesay has handled all this with good judgment, admirable tact and patience and great industry and I think that you will agree with me that the cordial appreciation of our membership is due to him and to all those who have worked so faithfully during the past year."

ST. ANDREW'S PRESBYTERIAN CHURCH

Services on Sunday May 2nd:
Services at 11 a.m. and 7.30 p.m.
Sunday School at 12.15 p.m.
Week-night service on Wednesday at 8 p.m.
The morning service on Sunday will be conducted by Mr. D. W. Munro, student missionary, from Toronto.

The evening service will be conducted by the Rev. A. O. Thomson, Jumbo Valley and Granum.

Correct this sentence: "I'll be ready to go," said the flapper to her sweetie, "as soon as I dry the dishes for mother."

IMPROVEMENTS AT THE SILVER GRILL CAFE

Lee Brothers, who lately purchased the Silver Grill Cafe, have made extensive improvements in its interior arrangement. A lunch counter has been installed—the place has been thoroughly cleaned and renovated, and presents an appearance equal to any city restaurant. Excellent meals. Ice Cream, confectionery and tobaccos and smokers' requisites. Your patronage solicited.

BRITISH MINE PARLEYS COME TO SUDDEN END

London, April 25.—The joint conference of mine owners and miners seeking settlement of the dispute which threatens to paralyze British industry through a coal strike on May 1, ended in a "complete deadlock" today.

The coal owners immediately began posting notices of new wage scales. These scales are effective at various dates in the different districts, beginning Friday.

"The operators' attitude definitely that wages must be based on the economic capacity of the district affected, and said they could not discuss any minimum percentage which would be applicable nationally," said A. J. Cooke, militant Miners' Federation secretary. "That means complete deadlock."

The mine owners made the following statement:
"The miners made it clear that they were not prepared to negotiate except on a basis of uniform national percentage. Of course, we could not possibly agree to that. If the unions would consent to increased hours of labor, the owners explained, 'reasonable' favorable terms could be discussed."

What a world! If the patient dies, Providence did it; if he gets well the doctor takes all the credit.

You can't tell about grouchy people. That may be their way to get pleasure out of living.

Speaking of final spurts, there's the way the last half-ton of coal gets away from here.

Usually you can tell by looking at a man whether he uses a board "a."

Prohibition didn't corrupt people. It merely mobilized corrupt ones.

THE EMPRESS THEATRE — CURRENT ATTRACTIONS

LOYD COMEDY STUDDER WITH MANY FUNNY GAGS

The spirited and uproariously funny experiences of Harold Lloyd with a missionary in the slums of a big city, ending with his thrilling adventures as a distracted and much-harassed fiancé—these are the highlights of the bespectacled comedian's initial Paramount release, "For Heaven's Sake!", which comes to the Empress next Monday for 4 days.

Those who have had an advance peek at the film describe it as a typically hilarious Lloyd Comedy, that offers the bespectacled comedian the type of sympathetic characterization in which he excels so strongly to his legion of admirers. As in all of his vehicles, romance plays its part in the development of the story. Jobyna Ralston, who has played opposite him in many of his previous successes, is again the object of Lloyd's love-making.

Gags have always been an outstanding feature of Lloyd's productions, and "For Heaven's Sake!" is no exception. It may, perhaps, be best to explain for the benefit of those who are unfamiliar with this cinema colloquialism that a gag is "a bit of action injected in a picture to speed up the plot or produce a laugh."

The production was directed by Sam Taylor from the story by Ted Wilde John Grey and Clyde Bruckman.

EMPRESS TO SHOW LATEST MACLEAN MIRTH-PROVOKER — "THAT'S MY BABY" PRESENTS FACILE FUNSTER IN FARCE TYPE OF FILM FOOLERY

Yes, sir, "That's My Baby" is coming to the Empress! This new Douglas MacLean mirth-quake, heralded as that popular comedian's funniest film, is scheduled to make its local debut soon at the Empress. The story was especially created for MacLean by George J. Crone and Wade Boteler, and provides him with ample opportunities to display his own particular brand of foolery.

William Beaudine, who jumped into directorial prominence with "Little Annie Rooney," welded the megaphone on the MacLean vehicle, and is said to have turned the picture that the major's message is "letting go of the realities of life; there is present a relaxation from the persistent concentration on the problems life constantly sets before us; there is relief from the seriousness of our daily lot."

"We take liberties with stern realities," play with them and soot scenes, till the laughter arises from a sense of freedom from mental activities.

"This relaxation and freedom is as necessary to our longevity as food and exercise. Therefore every human being should earnestly seek such entertainment as will give him the complete rest and relaxation that only laughter brings."

"All the various manifestations of the comic, the witty and the ridiculous belong to that particular emotional side of our being which we class as joy; whatever is joyful awakens laughter in us. Hence, a funny stage play or a good screen comedy is one of mankind's greatest boons."

"For Heaven's Sake!" gives Harold a fine opportunity to demonstrate the truth of his theory. It is guaranteed to make you live longer and happier. See it for your health's sake!

HEY! HEY! HERE'S A FUNNY LOAD OF HAY!

"As funny as a load of hay." This is the latest phrase to be added to American vocabularies and

ALL CALCUTTA'S CITY SERVICES DISORGANIZED

Calcutta, India, April 27.—Ten persons were killed and 15 injured today in a resumption of rioting between Hindus and Mohammedans. Sporadic fighting between the two factions has been going on for the past few days.

Calcutta, April 27.—Terrorists today raided the general post office, in the heart of the city, shooting a high ranking police officer dead. The raid marked the resumption of formidable active terrorism which has disorganized the city since Hindu-Muslim riots began again last Friday.

A large portion of the city is isolated from telegraph or postal communication. Huge accumulations of refuse littered all the main streets today, owing to the absence of scavengers. This noxious accumulation seriously menaced the health of the city.

More than four hundred persons, police estimated today, have been killed or wounded in the current Hindu-Muslim riots, which were resumed last Friday.

Although the street fighting and sniping seems to be waning, the situation has become the worst of its kind ever experienced here. Business and public services are disorganized, and if fighting should be resumed on a large scale there would be no hospital accommodations for the injured as the hospitals are already filled.

Owing to the interruption of business, the city's food supply is affected.

The best test of will-power is to stop just before you get enough to keep your weight where it is now.

Usually you can tell by looking at a man whether he says "the cinema" or "the movies."

THE EMPRESS THEATRE — CURRENT ATTRACTIONS

quality and excellence of its personnel in his initial Paramount release, "For Heaven's Sake!", which comes to the Empress next Monday for 4 days.

Again appearing as Harold's leading lady is Jobyna Ralston, the charming feminine adjunct of "The Freshman," "Hot Water," "Girl Shy" and "Why Worry."

Paul Wiegell, veteran character actor, handles the role of the missionary, whose efforts to reform the rough element in the slums of the film include the bespectacled comedian lends him a helping hand.

Noah Young, one of the best known "heavies" on the screen, appears as the leader of the underworld gang. He will be well remembered by Lloyd enthusiasts for his work as the cop in "Safety Last!" and specially for his outstanding performance as the tough job in "A Sailor Made Man."

James Mason is happily cast in a villainous role the type of characterization in which he has achieved a well deserved success.

Others who figure prominently in the film include Constantine Romanoff, one of the world's greatest heavyweight wrestlers; Richard Daniels, Earl Mohan and Francis Gaspart.

LAUGH AND LIVE LONG IS PREMIER COMIC'S ADVICE—FUN AS NECESSARY TO LIFE AS FOOD AND EXERCISE. AVERS HAROLD LLOYD

Harold Lloyd, that excellent and bespectacled comedian, who is coming to the Empress next Monday for 4 days in his latest mirth-provoker, "For Heaven's Sake!", is of the firm opinion that laughter is an aid to longevity. Hearken to Harold's elucidation of his theory:

"Laughter is a complex phenomenon, the cause and nature of which have been studied for centuries. That which makes us laugh at a joke or a witty remark is the same sight is hard to analyze. Even highly intellectual people, when asked on the spur of the moment what is particularly funny in a joke or a situation at which they laugh heartily, are unable to put their finger on the special point that awakens in them merriment and laughter."

"Letting go of the realities of life; there is present a relaxation from the persistent concentration on the problems life constantly sets before us; there is relief from the seriousness of our daily lot."

"We take liberties with stern realities," play with them and soot scenes, till the laughter arises from a sense of freedom from mental activities.

"This relaxation and freedom is as necessary to our longevity as food and exercise. Therefore every human being should earnestly seek such entertainment as will give him the complete rest and relaxation that only laughter brings."

"All the various manifestations of the comic, the witty and the ridiculous belong to that particular emotional side of our being which we class as joy; whatever is joyful awakens laughter in us. Hence, a funny stage play or a good screen comedy is one of mankind's greatest boons."

"For Heaven's Sake!" gives Harold a fine opportunity to demonstrate the truth of his theory. It is guaranteed to make you live longer and happier. See it for your health's sake!

"As funny as a load of hay." This is the latest phrase to be added to American vocabularies and

WILKINS AND PILOT LAND AT PT. BARROW AFTER 13 DAYS' LOST

New York, April 29.—The North American Newspaper Alliance announced today that Captain George H. Wilkins, leader of the Detroit Arctic expedition, and his pilot, Ben Eielson, had landed in their airplane "in good condition at Point Barrow." This was the first direct word that has been heard from them in thirteen days. The aviators left their base at Fairbanks, Point Barrow with a heavy load of supplies. Considerable anxiety had been expressed for their safety when radio contact with them was lost.

ARCTIC RANGE IS BARRIER TO BIG AIRPLANE

Fairbanks, Alaska, April 27.—Two vital factors determined the action of Major Thomas G. Lanphier, air service, U. S. Army, when he reluctantly turned the nose of the big three-engined monoplane, Detroit, southward, yesterday afternoon after flying within a few miles of the Arctic circle.

One was the failure of his compass to function satisfactorily; the other was the inability of the plane to lift its heavy load high enough to clear the Endicott mountains.

Test flights will be resumed today to check the compasses and a second attempt to reach Point Barrow will be made perhaps Thursday.

Meanwhile, Howard Mason, chief radio operator of the Detroit, is trying to get some word from Captain Geo. H. Wilkins, who flew from here a week ago last Thursday, with Pilot Ben Eielson, on their third trip for Barrow in the monoplane Alaskan.

No Signals Heard

The radio men listened from eight o'clock last night until midnight, but heard no signals from him or Robt. Waskey, operator with the Sandy Smith overland party musing along the Arctic coast to Barrow.

"I do not believe the plane is built that will lift such a heavy load over the mountains," said Major Lanphier after yesterday's flight beyond the Yukon river and back. "But Lieutenant C. M. Wilkins, the pilot, and myself, realized we could not get the Detroit a foot higher than five thousand, and we needed eleven thousand to clear the mountains."

Was Forced to Turn
"This fact and the trouble with the compasses determined my action. While I regretted having to turn back, I would do the same thing again under like circumstances."

Five men were in the crew of the Detroit yesterday—Major Lanphier, Wilkins, Mason, Andrew Huff and Ben Eielson. In order to get on the road, it may be necessary for Huff and myself to remain behind—when the next start for Barrow is made."

Our frequent radio communication with the local government telegraph station worked excellently yesterday. When the big plane began to circle toward the south at 12:50, Mason handed me a note: "We are turning back. What shall I tell them?"

"Wait a minute," I pencilled, and I communicated by our "grapevine telegraph" to the front end of the ship. "What is it?" I made written inquiry, "fog or snow?"

Clouds Hide Mountains
Clouds obstructed the summit of the Endicott; below, gleamed ten thousand frozen ponds and lakes and uncountable streams in the broad valley of the Yukon. They reached out as far as the eye could see. In a moment came the written answer: "Compass on the bum, one cylinder of centre motor missing." I handed the major's message to Wilkins, and a few seconds later the radio station in Fairbanks knew we were headed back. We made an easy landing at 1 p.m.

PASTURE FOR SWINE

Results of tests conducted at the Brandon Experimental Farm in the pastures for growing swine is advisable, both from the standpoint of economy of grains and of promoting the growth that is essential for a bacon hog. During the past year the meal requirement for one hundred pounds of body gain was reduced twenty-five per cent by the use of pasture crops. Hogs on pasture made greater growth than those fed on a bare lot or in inside pens and were in better condition to continue their growth and put on finish in the autumn. Of the pastures tested rape proved to be the best followed by millet, and oats in the order named. Rape for pasturing should be sown six to seven weeks before it is required for use.

Rape that becomes coarse before pasturing is unpalatable while, on the other hand, if pastured too early its carrying capacity will be greatly reduced. One acre of rape has been found to provide sufficient pasture for fifty hogs for fifty days. Four or five pounds of seed per acre is sufficient when sown with a drill. When sown broadcast a little more seed may be used.

For best results hogs should not be turned on pasture until they are three to four months old. The meal ration for hogs on pasture should be a fairly liberal one. They should not be given all they will consume neither should they be compelled to consume a large amount of forage in order to satisfy their appetites. It is essential that shade be provided for hogs on pasture. Young hogs, especially those with white skins, suffer from sun-scald when shade is not provided. Rubbing posts wrapped with rope or covered with kerosene or axle grease is a good preventive of sun-scald and scab.

When you go out at night and study the stars, the kid's inability to get 90 in arithmetic doesn't seem so important.

WILKINS AND PILOT LAND AT PT. BARROW AFTER 13 DAYS' LOST

New York, April 29.—The North American Newspaper Alliance announced today that Captain George H. Wilkins, leader of the Detroit Arctic expedition, and his pilot, Ben Eielson, had landed in their airplane "in good condition at Point Barrow." This was the first direct word that has been heard from them in thirteen days. The aviators left their base at Fairbanks, Point Barrow with a heavy load of supplies. Considerable anxiety had been expressed for their safety when radio contact with them was lost.

Calcutta, April 27.—Terrorists today raided the general post office, in the heart of the city, shooting a high ranking police officer dead. The raid marked the resumption of formidable active terrorism which has disorganized the city since Hindu-Muslim riots began again last Friday.

A large portion of the city is isolated from telegraph or postal communication. Huge accumulations of refuse littered all the main streets today, owing to the absence of scavengers. This noxious accumulation seriously menaced the health of the city.

WINDERMERE ROAD OPENED ON MAY 24

Banff, April 25.—The Banff-Windermere highway will probably be opened May 24, announced Howard Sibbald, supt. of Kootenay National Park, on Thursday evening after returning from a tour of inspection over the road. Owing to the lighter fall of snow on the two summits last winter the gangs of workmen were able to begin making repairs earlier this year than last. Last spring the road did not open until May 31.

The road from Lake Louise station to the lake was opened this morning, the earliest date on record since construction of the road. Last year it was opened May 12. This makes the trip from Banff to Lake Louise available to motorists.

BUY AT HOME SPEND YOUR MONEY IN MACLEOD

Purchases representing thousands of dollars are lost to us, to our trade, to our clerks and employees, to our laborers and artisans, to all the people of Macleod who exist on the products of their work. This money, if spent at home, would help to recreate Macleod financially, give a wider field of activities in business, would be helpful to every resident of this town.

If we purchased regularly from local merchants, this money would circulate in Macleod in a welcome manner. Our merchants merit our patronage; it is to our interest, and the duty of all of us to encourage the local merchant. He is one of us, he lives among us, he has the right to be encouraged by us, he is anxious to have our custom, and to give us satisfaction. We should under all circumstances give him preference, price for price, quality for quality. And nearly always the price that our local merchant asks is, if we compare the quality, just as cheap as that of the outside merchant.

Never purchase merchandise by catalogues from foreign houses before assuring yourself that you cannot procure the same articles, of the same quality (and frequently of better quality) at the same price from your local merchant.

CAPITAL GOSSIP AND PROV. NEWS

Big Well Keeps up Production
The Royalty No. 4 well in the Turner Valley, south of Calgary, is keeping up its remarkable production of high grade oil. The production for the month of March shows a total of 16,933 barrels of 73 degree Beaume gravity oil. In addition the well is producing between 18,000,000 and 19,000,000 cubic feet of gas per day.

Tourist Roads Open
The Banff-Windermere highway via Lake Louise will open for traffic May 24. The Alberta end of the highway, from Calgary to the Banff Park, is in excellent shape, having been open all winter for traffic. This was one of the first gravelled highways to be completed by the province, and has already seen considerable traffic this year. The indications are for a very heavy tourist traffic over this road this season.

Increase in Auto Licenses
It is expected that nearly 60,000 auto licenses will be granted in the province this year. Provision has been made for issuing at least 57,000. This will be the largest year yet recorded, it is estimated.

Test Cases on Oil Stock Selling
To test the power of the provincial public utilities board to control oil stock selling by companies with dominion charters, two test cases have been taken against oil companies in Alberta, by the Attorney General's Department, on the basis that stock selling was undertaken

without first securing permission of the utilities board.

Big Land Sale
The sale is reported of the Equitable Farm, in the Milk River district, south of Lethbridge, one of the largest of Alberta's ranches and farms. The farm comprises nearly 4,000 acres, and it is stated that the amount involved in the sale was \$110,000. The purchasers were Saskatchewan men.

Total Wheat Shipments
Returns from the railway companies as to wheat marketed in Alberta during the past crop shipping season, received by the provincial department of agriculture, show that approximately 90,000,000 bushels have been marketed, including what was in store in line elevators on March 31.

The estimate of the total wheat crop made by the department of agriculture was approximately 103,000,000 bushels.

Provincial Corn Show at Medicine Hat

The provincial Corn Show for Alberta is to be held this year at Medicine Hat under the auspices of the Alberta Corn Growers' Association of which organization Don H. Bark of Brooks is President and James Murray of Medicine Hat is Secretary.

The directors are working out a prize list which will include classes for the following types of corn: yellow and white flints, yellow and white dents, Northwestern Dent, sweet corn and popcorn. There will also be classes for sheaves. In addition to cash prizes the Directors hope to be able to secure several trophies as championship awards. A special trophy has already been offered the association for the chil-

drens classes by F. G. Garbutt, Esq., of the Garbutt Business Colleges. There will be two classes for boys and girls under sixteen, one for yellow flints and one for white flints. Boys and girls who would like to compete at the show next November and who have not seed for planting should write to the secretary at Medicine Hat. He has a limited amount of good seed and for twenty five cents will send sufficient to plant a good sized plot.

Legume Cultures

The Vermilion School of Agriculture has been equipped with the full line of Bacteriological Equipment for the production of legume cultures for sweet clover, alfalfa, peas, beans, etc., Mr. W. R. Brown, the Science Instructor, is in charge of this work, and already hundreds of cultures have been sent out. The cultures are put up in bottles sufficient to treat 60 lbs. of seed. Full directions are supplied with each bottle and they are being sold at 35c. Already some 1,500 bottles of cultures have gone out to farmers in Alberta, Saskatchewan, Manitoba and B.C. Indications are that a very large acreage of sweet clover will be sown this year. Some farmers sending for inoculation material for from 800 to 1,500 lbs. of seed.

Removal of Settlers from South

Railway companies have advised the provincial department of agriculture that the arrangement for the transfer of settlers from the drought areas will be brought to a close at the end of May. No certificates for removal of settlers under the special arrangement between the railway companies, the provincial and dominion governments, will be issued after May 1, and those settlers for whom certificates are issued before that date will be required to have their goods all shipped by June 1.

PROVINCIAL FORESTRY COMMITTEE

In order to provide assistance to the Forestry Branch in carrying on the Annual "Save the Forest Week" campaign the Minister of the interior has appointed an Alberta Provincial Committee. The members are as follows:

Hon. J. E. Brownlee—Premier of Alberta.

Dean E. A. Howes—Department of Agriculture University of Alberta.

A. Arndt—Maple Creek.

TREE PLANTING CAR AT MACLEOD

The Tree Planting car of the Canadian Forestry Association visited Macleod Monday, under the supervision of Angus Cooch, in the unavoidable absence through sickness of Archie Mitchell, superintendent of the car. Mr. Cooch has been Mr. Mitchell's assistant, and right hand man since the car was organized some six or seven years ago, and naturally under the able training of Mr. Mitchell, Mr. Cooch makes a worthy substitute.

He gave four talks or lectures this afternoon and evening, and the able manner in which he handled his subjects showed a thorough and intelligent knowledge of trees and shrubs of every description, and the best methods for planting. The lectures were illustrated by beautiful views and moving pictures, and it is wonderful to see the

marvelous change in the landscape by eight or ten years' growth of trees, especially around farm buildings. Had the farmers of Southern Alberta who homesteaded twelve to fifteen years ago planted trees around their dwellings, even though it was only a 12 by 20 shack, what a difference it would have made to the appearance of the prairies, and would have been a preventive to a certain extent of the high winds and soil drifting which the country is suffering from today in certain districts.

Beautifulizing the home with trees, shrubs and flowers makes happy and contented families, and that is what Southern Alberta requires and will have in the years to come. Such institutions as the Canadian Forestry Association is doing splendid work along these lines. The result of the work of the Tree Planting car must have some effect and bring about some good results, when we find that since the first of February over 20,000 people have visited the car, and including Macleod 191 lectures have been delivered in the car. Monday afternoon over 300 boys and girls from the public and high schools visited the car, and about 140 were present in the evening, when a number of questions were asked and an interesting discussion took place.

Let our civilization "develop" a little more and almost everybody will need a lawyer.

FIRE THREATENS OUR NATIONAL HERITAGE

Carelessness Destroys
3,000,000 acres annu-
ally of Canadian
Forest

LOSS OF STANDING TIMBER BY FIRE CONTINUES TO BE APPALLING. ON THE AVERAGE, OVER 3,500 MILLION BOARD FEET ARE DESTROYED ANNUALLY. THE FORESTS OF CANADA ARE BEING DEPLETED AT A RATE THEY CANNOT POSSIBLY WITHSTAND; MORE THAN HALF OF THIS DEPLETION IS DUE TO FIRE, INSECTS AND DECAY. THE FUTURE OF THE FOREST INDUSTRY IS JUST AS DEPENDENT ON THE SEEDLING TREES AND YOUNG GROWTH AS THE PULP AND PAPER AND LUMBER MILLS, AND INDUSTRY GENERALLY, ARE DEPENDENT ON MATURE TIMBER—BOTH MUST BE SAVED FROM THE RAVAGES OF FIRE.

In addition to the shelter afforded by the forest to the farmer and his stock, settlers in forested regions are vitally dependent on the woods for winter employment. Care with fire in land-clearing operations is all-essential—burned timber pays no wages.

Canada has the finest inland fishing in the world, but these splendid food and game fish require clean, cold water in the streams to ensure prolific reproduction. Forest fires are inimical to fish life.

Game animals attract foreign tourists and induce Canadians to seek pleasure, health and adventure in the great outdoors. These animals are distinctly a forest resource—utterly dependent on it for protection and food. Forest fires are most destructive of such wild life.

Ninety per cent of the forest fires are caused by carelessness. Are you doing your part to prevent this wanton waste and destruction?

FINEST JOB PRINTING — THE MACLEOD TIMES DOES IT

This is a STUDEBAKER Year A SYMBOL THAT MEANS SOMETHING

"Body by Studebaker"—here is a phrase that is rich in meaning to the man who is about to buy a motor car. It means a saving of hundreds of dollars on a car, for Studebaker builds all its own bodies in its own \$10,000,000 body plants—and saves middleman's profits.

And it means a car of distinctly original design—a car of unusual beauty with finish and appointments of a quality that is unsurpassed.

"Body by Studebaker" is a symbol of quality—a mark of fine craftsmanship that is worth looking for.

THE WHITE HALL

LOCAL AND PERSONAL NEWS

T. Tinning, of Lethbridge was a Macleod visitor today (Thursday).

Mrs. Jas. Williams spent the week-end visiting friends at Calgary.

D. Matheson, of Lethbridge was a business visitor to Macleod this week.

R. D. Fowler, of the Fowler Cider Works, Calgary, was in Macleod this week for a few days on business.

Bishop Pinkham, of Calgary, will be in Macleod on Sunday next for confirmation services at Christ Church.

D. W. Munro, formerly of Toronto, arrived in Macleod today (Thursday), to take charge of the Presbyterian Mission in the Stand Off field.

The Macleod General Hospital grounds are being fenced, and a lawn, trees and shrubbery will be planted, tending toward greatly beautifying the surrounding of the institution.

Word has been received today (Thursday) by wire that Elsie W. Gardiner, eldest son of Mr. and Mrs. R. J. E. Gardiner, has successfully passed the final examinations for the degree of Doctor of Philosophy at the University of California.

The Scarlet and Gold Club ladies gave a tea at their tennis club house at the barracks on Wednesday, April 28th. The tea room was beautifully decorated for the occasion, and about thirty members were present at the enjoyable function.

Manager Long, of the Macleod Champion Junior Baseball Team is again busy on the job training his snappy aggregation of players who he hopes will repeat their big success of 1925. According to Will and Spud the boys give every promise of championship form.

J. D. Matheson, barrister, left for Ottawa on Wednesday, where he will represent his clients (Henry Frederick Maunell and Edward Leighton Buckwell) in the appealed case of The Board of Trustees of the Lethbridge Northern Irrigation District vs. Henry Frederick Maunell and Edward Leighton Buckwell, which will shortly be heard before The Supreme Court of Canada at Ottawa.

The members of Mountain View Lodge, No. 4, I.O.O.F., the Macleod Encampment, No. 16, and the Macleod Rebekah Lodge, No. 23, met Sunday evening and marched in a body to Christ church (Anglican) where a special Oddfellows' service was held. The service was conducted by the rector, the Rev. G. McComas, M.A., who preached a most appropriate and impressive sermon, bringing out very fully the great principles for which the Oddfellows order stands. Special music was rendered by the choir, making the whole service much enjoyed and appreciated by the large number of sisters and brothers who were present.

MISS A. M. WILSON

paper was written for the Child Welfare Convention in Calgary and delivered thereby this gifted and popular speaker. The broadcasting of Radio Talks has been a very much appreciated service, and the Red Cross is in receipt of many letters showing the value these addresses are to women in the country. As material for afternoon talks at Women's Institute meetings or UFWA gatherings there is much demand for these papers, and any one writing to the Alberta Division will receive them free of charge. The subjects deal with the training of children, their mental and moral development.

The following is an interesting story in connection with the Radio addresses. A firm of Publishers in New York, The University Society Inc. hearing of the good work being done by the Red Cross of Alberta in connection with these weekly lectures to women over the air, have kindly sent to the Radio Lady, CFAC a gift of a valuable set of books, entitled "Treasury Series" in twelve volumes for the use of the Red Cross Radio service. This complete literature set will be of immense value to the Health Education and Information Bureau, and it is expected that in the fall when the Red Cross hopes to resume the Air addresses, selections from the books will be broadcast in connection with the educational and inspirational work amongst women. The Radio Lady will be pleased to send material for health readings to any correspondent free of charge and will also supply literature helpful in connection with child welfare addresses.

Write to the Health Education Bureau, Alberta Division, Red Cross Calgary.

A pistol would protect you if hip pockets were in the air where your hands are.

Matrimony has settled down to normal if the one that loves least has acquired the reins.

Head Noises and Deafness
Frequently go together. Some people only suffer from Head Noises. **LEONARD EAR OIL** relieves both Head Noises and Deafness. Just rub it back of the ears in circular motions. GENERAL MERCHANDISE, GROCERIES, PROVISIONS, FLOUR, FRUITS AND VEGETABLES

MOTHER'S DAY
Say it with flowers. The second day in May. This advertisement will give you lots of time to save your money to make a present of a flower to your mother.

THE GROCERY DEPARTMENT
Are making preparations for fresh and cut flowers. Look over your garden and plan your design of the plants you intend to put out. You will want some plants for salads and vegetables such as cabbage, celery and cucumber. But whatever you do, don't forget flowers, house plants and window boxes.

DRY GOODS
We will have a Cretonne week—of nice colors rivaling nature in its floral display. The housekeeper cannot do without cretonnes. It is only a little time ago since girls and grown ups had sport skirts of the same material. No color was too loud, no flower too large. Buy some more, girls. You don't know how sweet and enticing you looked.

SCRIMS
Plain and flowered, curtain lace, chintz and fancy voiles. We have lots of ends of curtain materials that must be sold out. If you don't help us to get rid of last year's goods, how can you expect us to keep up with the styles. A select lot of ladies' dresses and summer coats.
